This email constitutes a request made in accordance with the Freedom of Information Act (FOIA), 5 USC 552. I would like to obtain a copy of the most recent groundwater analytical data related to the Ott/Story/Cordova Superfund site located at 500 Agard Road, Dalton Township, Michigan 49445. I have already downloaded a copy of the most recent 5-year review report (2012) for this site, however I do not find that analytical data for specific groundwater monitoring wells is included. I am looking for the most recent groundwater data for the following monitoring wells: W-17d, W-17s, UW1, W-102s, W-102i, W-124s, W-23d, W-122i, W-122s, W-121i, W-121s, EW-7, and TWA.

I understand that there may be reasonable statutory fees for your time in fulfilling this request, and will pay up to \$50 for the fulfillment of this request.

Should you have any questions regarding this request, please contact me. For ease of contact, feel free to call my cell phone (269-313-2333) Thank you.

Lynn E. Reichert
